

The Gold Coast

GOLD COAST

From the ride of your life to becoming a Hollywood action star, in Australia's Gold Coast you'll find the kind of fun that you'll never have at home.

NOT TO MISS

Catching your first wave is a feeling you will never forget – on the Gold Coast you can get that sensation in one fun filled learn-to-surf lesson with a local pro. Take a swing at any of the area's 40 championship and resort golf courses – many have been designed by greats such as Nicklaus, Palmer, Thomson and Norman Shopping is an experience of its own here – being new, different and unique is part of the charm of the Gold Coast shopping precincts, boutiques and malls. On the Gold Coast you don't just swim in the Pacific Ocean – you can kayak, jet-ski, snorkel, surf, jet-boat, cruise or kite-surf your way to fun.

LESSER KNOWN SECRETS

Waterfalls, native animals and prehistoric forests are just a short drive from the city centre and can be explored on more than 100km of hinterland walking trails for every fitness level. Star in your favourite movie fight scene, execute a high fall like a pro and learn other tricks of the trade in a half or full day workshop at the Gold Coast Stunt Academy.
