

The Cook Islands • Land of Hospitality

The Cook Islands are a perfect choice for singles, couples and families who want a laid back, safe and unhurried vacation where the local islanders will welcome you with their warmth and hospitality.

No bargaining, no folks trying to sell you something you don't want or need and virtually crime free – the Cooks are a refreshing change from some of the other overcrowded, busy and commercialized beach destinations.

Boomerang Tours presents our preferred partners in the Cook Islands in a new way this year. Our packages are now 12 night one resort stay and a 12 night Island Combo Package. One of the absolute "must sees" in this destination is the small island of Aitutaki with its laid back island feeling and stunning lagoon. In addition we've highlighted three properties that are excellent choices for our Long Stay program – watch for the Long Logo.
